GETTING THERE

All successful careers are partially dependent on luck. But luck has a lot in common with opportunity. You can create both.

Whether you are in search of great staff to join your team, or looking for a great team to join, we know from experience the value of making informed and well-thought-out career decisions. We've helped hundreds of people to be in the right place at the right time.

BENEFITS + RESULTS

What are the benefits of using Ambit?
It's easy – results.

WHY US?

We founded Ambit because we'd become disillusioned of the way the bigger recruitment companies operated. We knew that there was a gap in the market for an executive search firm that would put the clients' needs – their real needs – ahead of anything else.

WHAT WE DO BEST

We look for the perfect fit. We listen carefully to what people are looking for. We meet them in person, hear them out, and think hard about how to proceed. We get to know people.

When we put candidates forward for a role, we have thought it through from all conceivable angles. Every detail is taken into account: from the industry, to the salary level, to whether the location and the commute will work.

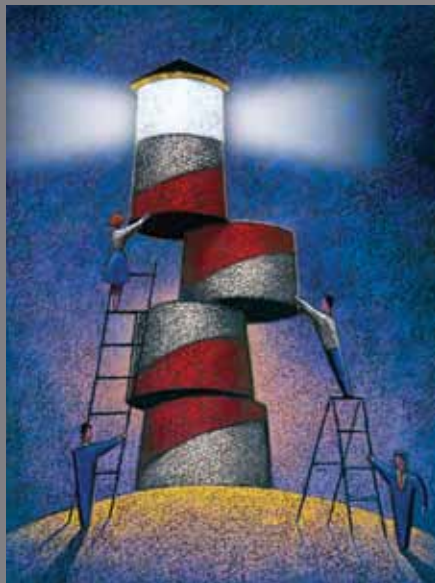

We spend the time to make sure that both clients and candidates have the right options in front of them.

NEW DIRECTIONS

Hiring someone new is a big deal. It can have a huge impact on your company. Companies become market leaders because they have the right people.

Likewise, starting a new job is a big deal: it affects every aspect of your life.

We understand how important and costly these decisions are, and make sure that each search we perform becomes a match made in heaven.

“We always overestimate the change that will occur in the next two years and underestimate the change that will occur in the next ten.”

FOUNDER AND CHAIRMAN, MICROSOFT

WHY WE'RE DIFFERENT

We spend a lot of time talking to employers so that we have a detailed understanding of every role we seek to fill.

We know everything about it, and we work only within the world of finance and accounting.

GUARANTEE

We take on engagements only within our specific market and stand behind our work. Ambit offers a full-replacement guarantee at no additional fee.

And, we don't approach our clients' employees on other searches.

WHOLE TEAM

At Ambit, we work together on all of our searches. There's no internal competition.

We understand our individual strengths and perspectives and we know what each of us brings to the table. The cohesiveness of our team makes us unique in the marketplace.

THE AMBIT DIFFERENCE

Ambit is an executive search firm specializing in finance and accounting professionals at a mid-to-senior level. We provide a highly personalized service to companies across all industry sectors.

Our partners are seasoned search professionals and we work together. When you engage one of us, you get the whole team – our experience, our energy and our perspectives.
